Education

The University of Texas at Austin | 2018

Cert., Computer Programming and Database Management / Full-Stack Development

Bio

I am a full stack developer who recently completed the coding bootcamp at UT Austin. Coding, programming, and developing have been dreams of mine for a long time and I finally took the plunge and immersed myself into the wonderful of it all!

After the experience I've gained and I've knowledge gathered, I'm currently looking to put my coding skills to good use as well as to keep learning!

Skills

- | | | |
|--------------|--------------------|-----------------------|
| - JavaScript | - jQuery | - Git Version Control |
| - HTML/CSS | - FireBase | - Employee Management |
| - BootStrap | - API Integration. | - Node.js |
